First Revalidation Completion Date : 11/12/2025
Last Revalidation Completion Date : 15/12/2025

TO WHOMSOEVER IT MAY CONCERN

Company Name : Cactus Communications Pvt Ltd
Application Name : Editage Web Application
Purpose of the Application : Online Editage System (EOS), the application provides users actionable insights on their business needs such as manuscripts submission, tracking, order download, payments, and various self-service actions.
Audit Performed on URL : <https://app.editage.com>
Production URL (If any) : <https://app.editage.com>
UAT URL : NA

Certificate Validity: 1 Year (Valid until 01/01/2027)

This certificate is valid solely for the web application instance that was provided and assessed during the initial audit. The validity remains intact only as long as there are no changes made to the application's codebase, configuration, or underlying IT infrastructure post-audit. Any such modifications will render this certificate null and void.

Audit Methodology: The assessment was carried out following the principles and test cases outlined in the OWASP Top 10 – 2021 and the OWASP Web Security Testing Guide (WSTG). Additional evaluation criteria were drawn as per the security advisories, policies, white papers, and vulnerability alerts issued by the Indian Computer Emergency Response Team (CERT-In).

Tool Used: Burp-suite Professional, Nmap, OSINT Tools, Manual Test Methodologies, Exploit DB etc.

Out Of Scope: Security audit of the hosting infrastructure (servers, network, database, etc.) and the source code of the application.

Assumptions Taken: It is assumed that the credentials, environment, and application instance provided for testing were complete, accurate, and representative of the production system.

The tested application hosted of the mentioned version is free from any severe vulnerability/threat. The application has passed Critical / High / Medium vulnerabilities for application security assessment tests. For a detailed description of other security assessment-related details, please refer to the audit report shared with **Cactus Communications Pvt Ltd**.
